Master of ceremony: Professor Wu Shaoyi, Director of Psychological Counseling Center of Shandong University, Director of Students Psychological Counseling Committee of the Universities in Shandong province

Dear leaders, teachers and trainees:

Good morning!

Today, we are together here again with excellent kindergarten and primary school teachers and psychotherapists from all over the country to participate in "The first Sino-Brazil international Winnicottian Child and Adolescent Psychotherapist Training Program". This is a project on child-care and psychotherapy. It is the first time that the international teaching team of the International Winnicott Association (IWA) conduct this online training program in China. There are about 120 online teachers and psychotherapists. They are teachers and counselors from kindergartens, primary and secondary schools in Shandong Province and other regions of China, and pediatricians and psychotherapists from psychiatric hospitals, and counselors from private practice institutions.

On behalf of the organizing committee, I would like to express my sincere welcome and heartfelt thanks to you!
